Tissa Attanayake's Thai Pongal message

...

...

Thai Pongal is a celebration of the Hindu-Tamil farming community that highlights the core values of their culture and civilization. It is a sacred day when gratitude is expressed to the Sun God for the bountiful harvest gathered. As such, it is a day for Hindus in Sri Lanka who march towards development in the golden rays of the sun, to join in celebration with those of their faith worldwide. I join in the prayers on this Thai Pongal, for stronger bonds of friendship, mutual understanding and trust among all communities in the absence of fear and suspicion.

I wish you Happy Thai Pongal!!
